Luncheon raises awareness about methamphetamine affects on the brain

Omaha Nebraska - Tuesday, September 18, JOURNEYS will host a special luncheon with guest speaker Dr. Todd W. Stull, Assistant Professor at the University Of Nebraska Medical Center Department Of Psychiatry. Dr. Stull's topic will be "Methamphetamine and the Brain" and how substance abuse affects the brain.

The luncheon will be held at Happy Hollow Country Club located at 1701 South 105th Street. Cost of the luncheon event is \$50 or \$30 for professionals in a related field. Lunch will be served at 11:30 a.m. with Dr. Stull's hour long presentation at 12 p.m. For reservations contact Cali Page at 402-553-6000.

JOURNEYS, recipient of the 2001 Suzanne and Walter Scott Omaha Award, is a collaborative effort bringing together the expertise, knowledge, and mission of three accredited Omaha agencies sharing more than 250 years of caring for the needs of youth and their families. Catholic Charities, Child Saving Institute and The Omaha Home for Boys share a common concern for alcohol and drug addicted youth. Together they developed a full array of substance abuse treatment services designed specifically for youth, ages 12-19.
